## Cupboard Participates in the Feinsein Challenge

The Five Corner Cupboard is participating in the Feinsein Challenge for the fifth time this year. Your donations toward this campaign will make you partners in the most successful grassroots campaign of all time to fight hunger. The more donations made of food, cash, checks and pledges in March and April this year, the more of the Feinsein money the Five Corner Cupboard will receive to help local needy families and individuals.

This is the thirteenth straight year Rhode Island philanthropist, Alan Shawn Feinsein, will divide \$1 million proportionately among hunger fighting agencies nationwide. Last year's challenge to fight hunger raised more than \$197 million for participating agencies nationwide. For more information about the Feinsein Challenge go to: [www.feinseinfoundation.org](http://www.feinseinfoundation.org)

During last year's Feinsein challenge, the Five Corner Cupboard received over \$10,000 in monetary donations and almost 3200 items. The Cupboard volunteers hope to get much more than that this March and April. As with other food pantries around the nation the Cupboard is serving more and more families every month, so everything donated is greatly appreciated. All donations to the Five Corner Cupboard go directly to the recipients in the form of food and hygiene products as well as sometimes gift cards in small amounts, to local grocers to purchase perishable items. The Cupboard serves any East Windsor resident in need. A voucher must be obtained from the East Windsor Human Services department.

Monetary donations can be sent to: The Five Corner Cupboard, 124 Scantic Rd, East Windsor CT. Donations of food, hygiene and cleaning items can be brought to the Cupboard Tuesday and Thursday mornings 9:30-11 am or Sunday mornings 9:30-noon.

### The following items are needed year round:
